Work Experience

Profile

Senior UI/UX Designer with 6+ years of core UI/UX experience (10+ years total) building product-led digital experiences across web, mobile, B2C, B2B, and fintech platforms. Skilled in solving complex business problems through AI-enabled UX workflows, combining human-centred design with intelligent ideation, research synthesis, and rapid prototyping. Hands-on with Figma AI, FigJam AI, and GenAI content tools to explore layout variations, improve user flows, and refine UX copy. Strong expertise in design systems, usability testing, data-driven UX decisions, and WCAG—accessibility, delivering scalable, high-impact product solutions in collaboration with product, engineering, and data teams.
